9l° 811.

The we laſt arrived the Mails due from Holland *and* France.

THE Letters from Vienna which are of the 11th Inſt. O. S. ſay, that the French Ambaſſador, the Marquis de Mirepoix, was ſo importunate to have the Honour of paying his Reſpects to the Emperor, that his Majeſty was pleaſed to give him a private Audience the very next Day after his Arrival, tho' he was buſy that Day in ſigning his Rolls; which is looked upon as a particular Mark of Diſtinction. We are aſſured, that a Project is under Conſideration, which was propoſed by the General Count Oliver de Wallis, to take ſome Regiments Veteran Troops into the Emperor's Service that are well exerciſed. The Emperor has now declared the Generals who are to ſerve next Campaign in Hungary, under the Great Duke of Tuſcany, viz. Velt Marſhal Count de Konigſegg, as General in Chief jointly with his Royal Highneſs, the Counts Palffy, and Oliver de Wallis, Velt Marſhals: Count de Seher, and the Prince de Lobkowitz, Generals of Horſe; the Count de Neuperg and the Prince Count Hilburghauſen, Generals of the Ordnance; Marſchal de Miglio, Stirum, Bathiani, Kavanagh, Count Tſchernin, Betlichingen, Balayra, Prince Charles of Lorain, the Prince of Waldeck, Thungen, Wallis, Lentrum, Wenceſlaus, Wallis, Botta, Wachtmeiſter and Damnitz, Lieutenant Generals; and the Major Generals Miſeroni, St. Ignon, Charles Palfi, Wallis, Linden, Caraffa, Dufort, Preiſing, Loudon, Wallis, Oſcerl, Chanclos, Raitzenſtein, Molck, Count Wallis, Rheingrave, Salm, Sterenthal, Braun, Schuwalow, Count Lorſner, Pallavicini, Konigſeck, Merci d'Argenteau, Ridenſel, Grane, and Collowrath. As to Count Seckendorf's Affair, it ſtands much as it was. Not many Days ago the following Quotation out of Horace was put up at the Gate of his Houſe, *Iniquiſſimus hæc Bellorum conditio eſt, ut proſpera univerſi ſibi vindicent, adverſa autem ſoli imputentur*, i. e. So very unjuſt is the Fortune of War, that in Victory all claim a Share; but a Miſcarriage is ſure to be charged upon One alone.

They write from Madrid, that the Marriage of the King Don Carlos to the Princeſs Royal of Poland, has been declared publickly at Court, and that there were Bonfires and Illuminations thereupon all over the City for three Days ſucceſſively. They add, that the Court is gone into Three Weeks Mourning for the Death of the Queen of Great Britain.

The Letters of the 3d O. S. from Peterſburg ſay, the Court has received the Good News that the Kalmucks and Coſſacks of the Don have ſtorm'd and taken the Town of Breluck, ſituate in the Cuban, and belonging to the Turks; and that they had put the Gariſon to the Sword, except a ſmall Number who were made Priſoners of War. Beſides this Advantage, the Coſſacks have gain'd many others upon ſeveral Occaſions, wherein they have killed a conſiderable Number of the Cuban Tartars, and took a good Booty from them: At the ſame time the Court has received Advice that a Detachment of Ruſſians in the Ukraine being on the March towards Oczakow, was attack'd by a great Body of Turks; but that after a very ſharp Battle the Infidels were put to Flight, and their Commander taken Priſoner.

They write from Ratiſbon, that the Miniſters of Hanover, Brandenburg, and of all the Saxon Princes, except thoſe of the Electoral Family, did not give their Votes either for or againſt the 50 Roman Months which the Dyet granted to the Emperor for the War againſt the Infidels; but always excuſed themſelves for want of the neceſſary Inſtructions. The Populace of Germany exclaim very loudly againſt this Proceeding; but the Miniſters of the Imperial Court diſſemble, according to that Grand Maxim of Horace, applicable in all Caſes;

Levius fit Patientia
Quicquid corrigere eſt Nefas.

Their High Mightineſſes have congratulated King Auguſtus of Poland on the Match concluded betwixt the Princeſs Royal and the King Don Carlos, which is an Alliance very pleaſing to this Republick. Time has now fully ſhewn, how egregiouſly all the foreign Gazetteers were miſtaken, when they gave out, that the Sicilian King's Marriage was negociated with the Concurrence of the Imperial Court; tho' 'tis no Wonder, conſidering the Import of ſome late Letters from Vienna, relating to the ſaid Treaty. On the contrary, 'tis amaſing, ſay thoſe Advices, that the Conjectures of the Publick, as well as of foreign Miniſters, were not even more contradictory, concerning a Marriage of ſuch Importance, negociated at the Emperor's own Reſidence, by a Miniſter on whoſe Proceedings there were ſo many Spies, and by a Citizen of Vienna commiſſioned for that Purpoſe by the King of Poland; a Marriage treated of on the one hand with a Power which his Imperial Majeſty had the greateſt Reaſon in the World to be jealous of, and on the other hand, with a Confederate Power which has infinite Obligations to the Emperor, and which at the ſame time was negociated not only without the Emperor's Conſent, but without his Knowledge, any more than that of his Miniſtry: Nothing in ſhort, ſeemed more incredible than ſuch a Treaty, and yet nothing is more certainly true in Fact. Three Days before the News of this Marriage was known at Vienna, M. Botza, a Banker of that City, and the Saxon Miniſter employ'd in this Negociation, had not communicated a Tittle of it to the Emperor, and did not intend to do it till the next Day. The Count de Fuenclara and M. Botza, ſpeak of the Marriage of the King Don Carlos as a very advantagious Match for the Emperor and the Catholick Religion.

They write from Rome, that the Hat which the Pope has reſerved in Petto, is undoubtedly deſigned for Signior Altoviti, Brother to the Lady of the Prince Corſini, his Holineſs's Nephew, who was ſent to Spain to carry the Hat to the Cardinal Infante. The Catholick King uſed to give a Penſion of 10,000 Roman Crowns to every Prelate who brings the Hat to a Spaniſh Cardinal; but it being proper that the Cardinal Infante ſhould be diſtinguiſhed from his Brethren, 'tis not to be doubted but Philip V. will give Signior Altoviti a more conſiderable Penſion than ordinary, viz. one that is anſwerable to the Advantages which the Cardinal Infante derives from his Birth above the other Members of the Sacred College: And when Altoviti returns to Rome, thus equip'd with a Penſion that will enable him to ſupport the Dignity of the Purple, he will not fail to be veſted with it.

The Paris Letter, dated laſt Wedneſday ſays, that a rich Mine of Silver is diſcovered in Dauphiny; that the Cardinals d'Auvergne, Polignac and Geſvres, are very ill, and that the firſt of 'em ſpits Blood; and that a young Fellow, a Native of Rhodes, has been lately preſented to the King, who tho' but 17 Years old next April, is above 6 Feet and a half high, and withal very Robuſt.

Concerning Gleets *and* Seminal Weakneſſes *of all Kinds.*

ALL judicious Phyſicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weakneſſes, whether occaſion'd by too ſevere purging for Venereal Injuries, violent Strains, Pollutio ſui, or any other Cauſe whatever; and that they are dangerous in their Conſequences, as well as difficult to cure, is as certain, ſince they exceedingly weaken the Generative Faculties, infeeble the whole Nervous Syſtem, often bring on Hectick Heats, a Tabes Dorſalis, or Conſumption of the Back, or an Atrophy or Nervous Conſumption, which frequently terminate in Death itſelf.

All ſuch, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effuſions, Involuntary Emiſſions, exceſſive Nocturnal Pollutions, or any Weakneſs of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtleſs be glad to meet with a certain, ſafe, and ſpeedy Cure, which they moſt aſſuredly may, by taking only a ſmall Quantity of a tranſcendent BALSAMICK RESTRICTIVE ELECTUARY, now publiſhed for a general Good; after having for many Years been experienc'd never once to fail perfectly curing the moſt Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as alſo all other Weakneſſes of the Back, Reins, Seminal Veſſels, and Urinary Paſſages, which it almoſt inſtantly cures, bringing to rights and reſtoring all thoſe Parts and Paſſages to their natural Tone and priſtine Vigour, in a very extraordinary Manner, and by taking a few Doſes of it only.

This tranſcendent BALSAMICK RESTRICTIVE ELECTUARY is neither diſagreeable to take, nor occaſions the leaſt Diſorder, but is a wonderful Reſtorative in all Weakneſs and Decay of Conſtitution of any Kind, and particularly ſtrengthens the Back, Reins, Seminal and Urinary Veſſels to an immenſe Degree, inſomuch that in any Debility of them, one Doſe of it does more than ten of any other Remedy yet found out; and all Perſons fatigu'd with Gleets or Seminal Weakneſſes of any Sort, or Weakneſſes of the Urinary Veſſels, who take it, will in three Days time find it ſo very effectual, that they will be moſt agreeably ſurpriſed at it.

When a Medicine will infallibly accompliſh ſuch a ſafe, ſpeedy and perfect Cure of ſuch difficult Maladies, as Gleets and Seminal Weakneſſes are, as this Great Remedy truly will directly will, even after all other Means and Medicines have been tried in vain; too much cannot be ſaid in it, and this All who ever took it for any of the above-mention'd Purpoſes have readily declared.

The Price is but 6 s. a Pot, altho' for its abſolute Efficacy one Pot alone being ſufficient in moſt Caſes to accompliſh a Cure, worth ten times as much, and by the Author's ſpecial Appointment, is to be had only at Mr. Radford's Toy-ſhop, at the Roſe and Crown againſt St. Clement's Church-Yard in the Strand, ready ſealed up, with a Book of Inſtructions, which whomſoever carefully reads will perfectly know, when the Gleet or Weakneſs he is afflicted with ſucceeds a Venereal Injury, whether all the Malignity of the Foul Diſeaſe is intirely eradicated or not.

Note, Ask only for a 6 s. Pot or Baſſamick Electuary.
